Foreword

Welcome to Antrim and Newtownabbey Borough Council’s Corporate Plan.

This draft Plan builds upon the work of the Council over the last four years and maintains our commitment to become a progressive, smart and prosperous Borough. We will continue to be inspired and driven by the ambition of our people to make this a reality. The Plan highlights our commitment to provide high quality, efficient and effective public services.

The Council’s ambitions reflect our responsibilities to provide resilient and reliable leadership, to improve our environment and encourage and support economic growth and prosperity. We want to engage, empower and connect with local communities, improve the lifestyles of our residents and use new and innovative ways of connecting with and listening to our residents and visitors to ensure we are making a positive difference in the Borough. These ambitions are underpinned by a culture of high performance and by ensuring the highest standard of governance.

The draft Plan is supported by a portfolio of strategies and actions which will be reviewed every year to track our success and respond to emerging opportunities and challenges.

We acknowledge that a number of objectives can only be delivered through effective partnership working with other organisations and the community. We see Community Planning as the best way of achieving this and we are therefore committed to working with our partners to streamline service delivery and share resources.

As a Council we want to ensure we are doing all that we can to provide a Borough that we can all be proud of and services that rank with the very best.

I look forward to working with you to deliver these objectives successfully.
